Problem: WHO should pay for analog TV disposal? HOW?		
Alternative Solution 1:	What are the costs to society of this solution?	What are the benefits to society of this solution?
The local government charges higher refuse taxes to those disposing of analog TVs.		
Alternative Solution 2:	What are the costs to society of this solution?	What are the benefits to society of this solution?
The government place strict "take back" regulations on TV manufacturers.		
Alternative Solution 3:	What are the costs to society of this solution?	What are the benefits to society of this solution?
Communities devise their own voluntary "take back" plans.		
Alternative Solution 4:	What are the costs to society of this solution?	What are the benefits to society of this solution?
Do nothing. When damage to the environment occurs taxpayers can pay for the cleanup costs.
