### Lewis and Clark

1. When the raccoon hat became popular, what do you think happened to the raccoons in some areas?

---

---

2. The human wants for the raccoon hat exceeded the available resources. So what choice did some hunters make?

---

---

---

---

3. On the river the men had trouble with the canoes because of a scarcity of a natural resource. What resource was that?

---

---

---

---

4. What choices did the men have when they thought there was going to be a scarcity of horses?

---

---

---

---

## Expedition Journal

| Expedition Options (circle your choice) | Comments on your choice | Other Notes |
|---|-------------------------|-------------|
| Enough food for the Journey             |                         |             |
| Books of Blank Paper                    |                         |             |
| Abandon Goods                           |                         |             |
| Stand Firm                              |                         |             |
| No Kids on the Trail                    |                         |             |
| All Aboard                              |                         |             |
| North Fork                              |                         |             |
| South Fork                              |                         |             |
| Forge Ahead                             |                         |             |
