

Name: _____

Date: _____

Complete this worksheet using the information on the Web site
<http://www.bls.gov/cps/wlf-table17-2005.pdf>

1. What is the average weekly salary for a college graduate with a bachelor's, master's, and doctoral degree?

Degree	Salary
Bachelor's	\$916
Master's	\$1,102
Doctoral	\$1,398

2. How much is the average weekly salary for woman and men with bachelor's, master's, and doctoral degrees?

Degree	Salary (Men)	Salary (Women)
Bachelor's	\$1,044	\$792
Master's	\$1,287	\$957
Doctoral	\$1,544	\$1,188

3. There is an obvious wage discrepancy between the salaries of men and women. Do you think this difference is the same as the wage difference between athletes and elementary teachers? Explain.
