

Public Goods and Services

Where would you go to mail a letter?	Where would you go to drop off items for recycling?
Where would you go to complain about road conditions?	Where would you go to report a crime?
Where would you go to borrow a book?	Where would you call to report a broken swing set in the park?
Where would you go to learn to read?	What is needed so cars can drive across a river?
What is needed to mail a letter?	What is used to help walkers cross the street at busy intersections?
Where would you go to see wild animals?	What is needed to see street signs at night?
