

ACTIVITY 13.6

Employment List

Round # _____

First Name	Skill Points	Wage
TOTALS		

Calculate your profits by multiplying the total of skill points by workers hired by the dollar amount given in your instructions. This number represents total sales generated by your workers. Subtract the total wages paid to your workers from this to find your profit.

$$\begin{array}{ccccccc}
 \underline{\hspace{2cm}} & \times & \underline{\hspace{2cm}} & - & \underline{\hspace{2cm}} & = & \underline{\hspace{2cm}} \\
 \text{(Total skill} & & \text{(Dollar amount} & & \text{(Total wages)} & & \text{(Profit)} \\
 \text{points)} & & \text{per point)} & & & &
 \end{array}$$
