**Part 2**

1. What kind of goods do you think the shop in the picture sells?

---

---

---

2. What would you like to buy at a store like this?

---

---

---

3. Find the girl holding a cat. Do you think she would like to buy that cat?

---

---

---

4. What is the girl next to the shop owner holding?

---

---

---

5. Do you think she would like to buy that doll?

---

---

---

6. What will she exchange to buy the doll?

---

---

---

7. Do you think she has money?

---

---

---

8. Where do you think this little girl keeps her money?

---

---

---

When we give a salesperson money we exchange the money for the good or service. So, if the little girl gives the shop owner money, she is exchanging money for the doll. Return to the lesson to complete the drag and drop activity.

**Part 3**

1. What would you want to buy if you had \$10.00?

---

---

---

With a partner, you are going to take turns pretending you are a customer and your partner is a shopkeeper. Cut out the dollar bills on the next page to exchange.

**Scene 1:** You are a customer at a candy store and your partner is the shopkeeper at the candy store. Explain what you and your partner are exchanging.

---

---

---

**Scene 2:** Your partner is a customer at a toy store and you are the shopkeeper at the toy store. Explain what you and your partner are exchanging.

---

---

---

**Scene 3:** You are a customer at an ice cream shop and your partner is the shopkeeper at the ice cream shop. Explain what you and your partner are exchanging.

---
